

I implore the FCC to take immediate action against Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary just days before an election that is too close to call. I thought the media was NOT supposed to participate in direct electioneering. In fact, it's against federal election law and it's your job to stop them. As a citizen of this great country, I am asking you to do the right thing. I am just asking you to do your job.

Unfortunately, many of our citizens do not take the time to educate themselves on the issues or the candidates and instead, rely on campaign advertising and rhetoric for their information. In an election that is too close to call, to allow this type of movie to air, one that is so explicitly partisan and full of out and out lies and misrepresentations, is hard to fathom. I implore you to do your job before the damage is done.

Thank you  
Sincerely, Pamela Rodebush
